

# FUN PROJECT PROFILE AS OF DATE: 09/17/2002

<b>AGENCY/ORGANIZATION NAME:</b> US Department of Energy (CHRIS)			
	<b>Name</b>	<b>Phone/FAX</b>	<b>E-mail Address</b>
Project Manager	Michael Fraser	(202) 586-1910 (202) 586-3358	Michael.Fraser@hq.doe.gov
HR Functional POC	Enid Levine	(202) 586-1194 (202) 586-0636	enid.levine@hq.doe.gov
Payroll Functional POC	Wendy L. Miller	(301) 903-5858 (301) 903-6558	Wendy.Miller@hq.doe.gov
Technical POC	Jim Sledge	(301) 903-2883 (301) 903-9885	James.Sledge@hq.doe.gov
First Contact	Michael Fraser	see above	see above
<b>If you have a WEBSITE</b> with information about your PeopleSoft implementation, supply the URL Address: <a href="http://chris.inel.gov">http://chris.inel.gov</a>			

<b>PROJECT MAILING ADDRESS</b> (Dept/Div, Street, Mail Stop, City, State, ZIP)
CHRIS Project Office of the Chief Information Officer, SO-30 Office of Security and Emergency Operations US Department of Energy 1000 Independence Avenue, SW Washington, DC 20585

<b>AGENCY/ORGANIZATION STATISTICS</b>	
Number of Employees	13,000
Number of Servicing Personnel Offices	22
Number of Geographic Locations	203
Number of HR Professionals	207
Number of HR Clerks/Assistants	85

<b>CURRENT STATUS OF IMPLEMENTATION</b>		
<b>Process</b>	<b>Status</b>	<b>Contact</b>
HRMS/PAR Processing	Production 8	Enid Levine
HRMS/Position Management	Production 8	Enid Levine
HRMS/Base Benefits	Production 8	Enid Levine
HRMS/Performance Mgmt	N/A	
HRMS/Labor Relations	N/A	

HRMS/Health & Safety	N/A	
HRMS/Recruitment	Planning/Re-engineering internal processes	Enid Levine
HRMS/Training Administration	Production 8	Enid Levine
HRMS/Competency Management	Planning/Re-engineering internal processes	Enid Levine
HRMS/Succession Planning	N/A	
HRMS/Federal Payroll	Planning - Implementation on hold pending further Federalization of payroll product	Wendy L. Miller
HRMS Payroll Interface	Interface product purchased but was not implemented - agency-specific SQR interface designed and implemented by DOE	Wendy L. Miller
HRMS/Benefits Administration	N/A	Enid Levine
HRMS/T&L	T&L product purchased but will not be implemented until gaps are closed between the way the product functions and Federal T&L processes	Wendy L. Miller
Financials	Have not purchased	
Student Administration	Have not purchased	
Supply Chain Management	Have not purchased	
Enterprise Performance Management	Have not purchased	
Activity Based Management	Have not purchased	
Data Warehouse	Have not purchased - DOE has developed an agency-specific data warehouse designed in Oracle for human resource information	Jim Sledge
Workforce Analytics	Have not purchased	
End-User Training	Have not purchased - DOE has developed agency-specific end user training	Enid Levine

**IMPLEMENTATION PARTNER: Northrop Grumman**

**OTHER SUPPORT CONTRACTORS: DN America (Morgantown, WV) and DynCorp (DC)**

**INNOVATIONS YOU'VE UTILIZED IN YOUR IMPLEMENTATION THAT YOU ARE WILLING TO SHARE WITH OTHERS:** DOE has shared a tremendous amount of information with other Federal agencies who are implementing the same PS Federal products. Our 8 case log and modifications spreadsheets have been made available as well as our users manual for PAR processing. In addition, we have posted and periodically updated a DAT file of all of the code that we have developed to assure that release 7.0 meets regulatory and statutory requirements. We will continue to do this for 8.

We have also hosted a number of sessions with Federal agencies implementing PeopleSoft HRMS and potential customers, which includes a demonstration of the HR tools for employees and managers we have implemented via our web site and Employee Self Service. Using real-time data available through our CHRIS PeopleSoft application, Employee Self Service has been a real winner for DOE in terms of providing employees a wealth of personal, training, and personnel/ payroll related information at their desktops. Employees, from the desktop, can also change payroll information as well as a number of data elements (such as: home address, emergency contacts, licenses/certifications, and education) that are then interfaced back to PeopleSoft, significantly reducing paperwork and non-value added work in the HR office. (See attached ESS brochure for details.)

TECHNICAL ARCHITECTURE		
	NAME	VERSION
Application Versions	PS Federal	8
PeopleTools	PeopleTools	8.18
RDBMS	Oracle	8.1.7
DB Server OS & Version	Unix	4.0D
DB Server Hardware	Compaq/Unix	
Network Topology	T1; FDDI; 10 BaseT Ethernet;100 BaseT Ethernet	
Network Protocol	TCP/IP	
Network Operating System	Novell Netware; Windows NT	
E-Mail Systems	Lotus Notes; cc:Mail; Exchange; GroupWise	
Key Interface(s)	CHRIS (HR/Benefits) SQR interface to legacy PAYS (payroll system) and DOEINFO (repository of HR, benefits, and training information); interface to DISCAS (financial system) for training administration; interface from Employee Self Service to CHRIS HR for employee update information	

**UPGRADE PLANS:** DOE has just completed upgrade to Federal release 8.0.
